

## **HY-TECH DRILLING IS LOOKING FOR A MECHANICAL DESIGN TECHNOLOGIST TO JOIN OUR GROWING TEAM IN SMITHERS, BC.**

With facilities across Canada and Western Europe, Hy-Tech has been delivering superior drilling services for over 25 years. Working with our clients, we are dedicated to maintaining the highest quality, transparency, safety and environmental standards. From our state-of-the-art maintenance and fabrication shop, we engineer, build, maintain and operate our own line of drills using real-world experience in the field to continuously improve. When failure is not an option, we're the company you turn to.

The Mechanical Design Technologist is a full-time position that reports to the Research and Development Manager in the Smithers, BC shop location. The Mechanical Design Technologist is responsible for assisting with the development and preparation of engineered drawings using computer-assisted design software, ensuring that drawings conform to specifications and design data, and writing technical reports when required. The Mechanical Design Technologist works closely with both the R&D and Shop departments to develop and design drawings for new projects as well as updating existing drawings for diamond drills and support equipment.

### **EXPERIENCE & QUALIFICATIONS**

- 1 to 3 years of design and drawing experience, preferably in a shop or R&D environment.
- Post-Secondary Diploma of Technology or related industry experience.
- Advanced CAD and Solid Works skills.
- Shop experience (such as mechanics and welding) is an asset.
- Knowledge of exploration, drilling equipment and drilling methodology is an asset.
- Advanced proficiency in the use of computer programs for word processing, presenter software, email, and the internet.
- Able to work both independently and as part of a team.
- Able to communicate clearly and concisely.
- Able to balance multiple priorities and meet deadlines.
- Able to obtain and maintain a valid Class 5 Driver's Licence and provide a current Driver's Abstract.

### **WHAT HY-TECH OFFERS YOU**

- Career growth, development and continuous learning opportunities.
- Competitive wage based on experience and qualifications.
- Competitive benefits package and employer-matched RRSP program upon successful completion of a 3-month probationary period.
- Family access to Bulkley Valley Pool and Recreation Centre.
